

# SPRAY GEL COIL & DUCT SPRAY

## Spray Gel Disinfectant Deodoriser

This new product is called "Spray Gel" As you can gather from the name it is thicker in viscosity than the standard Coil & Duct Spray which means that when sprayed onto vertical and overhead surfaces it sticks longer and therefore works longer.

Contains a blend of Deodoriser and EPA Registered Hospital Grade QUAT Disinfectant Kills HIV-1, MRSA, VRE, Herpes Simplex 1 & 11, Listeria, E.Coli and other Pathergens. Also contains sodium hypochlorite to kill legionalla pneumophilia (Legionnaires Disease) SARS and most other air borne pneumonia bacteria. Also killsmould, fungi etc.
